

# **Coxswain Grade 1 – Blended Learning**

### MAR20318

## Certificate II in Maritime Operations(Coxswain Grade 1 Near Coastal)

#### RTO Code 0649

MAR20318	Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal)
Who is this Qualification for?	This qualification is offered via Blended Learning mode to students who are wanting a way to fit study around their existing responsibilities and commitments with 24/7 access.  It is offered by AMFA to people who are employed or seeking employment in the seafood or maritime industries to command a commercial marine vessel:  • Up to 12 metres in length  • With propulsion power that is unlimited for an outboard engine or up to 500kW for an inboard engine  Carry passengers on this vessel:  • Inshore or  • As a tender or auxiliary vessel within 3 nautical miles (nm) of a parent vessel within the exclusive economic zone (EEZ)
How will you be Trained and Assessed?	Participants are assessed using a mixture of theory and practical assessments delivered through the online Blended Learning system and face to face during the practical sessions. Training is conducted for people with experience equivalent to the sea-time requirement of the relative Certificate of Competency.
How is the Training Delivered?	This qualification is provided by AMFA as two (2) separate components:  • MARSS00008 Shipboard Safety Skill Set  • Coxswain Grade 1 component (both deck and engineering) In order to be eligible for the regulatory Certificate of Competence, participants will also need to complete one of the following skill sets, dependent on individual requirements:  • MARSS0010 Marine Radio Operator's VHF and HF Skill Set or  • MARSS00011 Marine radio Operator's VHF Skill Set HLTAID003 Provide first aid is not conducted by AMFA (credit transfer only); however a copy of a current first aid is required for the qualification completion certificate.
Entry Requirements	AMFA prefers that the following skill sets are completed prior to undertaking the Coxswain Grade 1 component:  • MARSS0008 Shipboard Safety Skill Set  • MARSS010 Marine Radio Operator's VHF and HF Skill Set or MARSS00011 Marine radio Operator's VHF Skill Set
Time Commitments in South Australia	Theory for the Coxswain Grade 1 component is conducted online self-paced. Practical assessments and exam are conducted face to face on campus. The duration for the Practical Assessments and Exam is up to five (5) days without the MARSS00008 Shipboard Safety Skill Set or either of the radio skill sets listed above. Please refer to the MARSS00008 Shipboard Safety Skill Set, and the MARSS0010 Marine Radio Operator's VHF and HF Skill Set or MARSS00011 Marine Radio Operator's VHF Skill Set information sheets for more detailed information on these components. Please go to <a href="https://www.amfa.edu.au">www.amfa.edu.au</a> for current delivery dates.
Cost	People who enrol in MAR20318 Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal) pay a fee for MARSS00008 Shipboard Safety Skill Set, Coxswain Grade 1 component and the appropriate radio skill set separately.  Additional resources will need to be purchased by the participant up to a cost of \$180.00. More information is available upon enrolment.  The latest delivery schedule and fees are available from AMFA and <a href="https://www.amfa.edu.au">www.amfa.edu.au</a>
How to Apply	Please contact our Client Services team at either our Port Adelaide or Port Lincoln campuses.
What Is Included	Costs include all initial assessment fees. Specialised navigation equipment is available for loan (limited supply) however you may purchase this from an appropriate supplier. Participants will need to present in clothing and footwear suitable for an engineering workshop (ie. enclosed shoes, Hard Yakka). No jewellery is to be worn and hair is to be tied back.
Completion	Upon successful completion of this qualification you will receive a MAR20318 Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal) and a Statement of Attainment listing the appropriate units of competency from AMFA.
What you can do with this Qualification	This qualification is part of the regulatory requirements to obtain a Coxswain Grade 1 NC Certificate of Competency (CoC). For other regulatory requirements relating to the Coxswain Grade 1 NC CoC, please visit the AMSA website: <a href="http://www.amsa.gov.au">http://www.amsa.gov.au</a>
